

## Engineers Legislative Affairs Day in Harrisburg

### SAVE THE DATE

Tuesday May 13<sup>th</sup>, 2008

### A call to Pennsylvania's Engineers, we need your help to repair Pennsylvania's Infrastructure!

The Pennsylvania Sections of ASCE released the PA Infrastructure Report Card in 2006. The report card alerted the public and our elected officials of a crisis in the condition of the Commonwealth's Infrastructure.

The Pennsylvania Sections of the American Society of Civil Engineers with the Pennsylvania Society of Professional Engineers, and other allied organizations will be visiting our elected officials again in Harrisburg on Tuesday May 13, 2008. **We need your participation.**

#### Here's what we need from you:

- Your commitment to travel to Harrisburg on May 13, 2008 to participate in the day's events.
- An hour or two of your time before the event to familiarize yourself with the findings of the PA Infrastructure Report Card (available at [www.pareportcard.org](http://www.pareportcard.org)) and ASCE PA Section Positions on the funding needs for water, wastewater and transportation.

#### Here's what you will get from participating in this event:

- Satisfaction that you are involved in your community and improving Pennsylvania.
- The opportunity to start or strengthen your relationship with elected officials.
- Comradery and networking with other engineers from across Pennsylvania.

If you are interested in attending the Engineer's Legislative Affairs Day in Harrisburg, please save the date. Additional information to sign up for the event will be forthcoming shortly.

If engineers don't tell their elected officials about the importance of our infrastructure, who will? We encourage you to ask your employer to support you in this important event.
